Senate Bill 700 (As Introduced)

Topic: Collecting and Restoring Motor Vehicles
Sponsor: Senator Jelinek
Co-sponsors: Senators Jansen and Kahn
Committee: Local, Urban and State Affairs

Date Introduced: September 4, 2007

Date of Summary: November 2, 2007

The bill amends the Michigan Zoning Enabling Act to provide that a zoning ordinance may not prohibit the hobby of collecting and restoring motor vehicles. The hobby may include repairing or modifying motor vehicles undergoing restoration and maintaining vehicles as a source of parts. A zoning ordinance would not be prevented from requiring that parts, motor vehicles, or activities revolving around them be screened from view by fencing, vegetation, or other means.
